

#910

COMFORT-KING™ ANTI-STATIC

Anti-static, highly-energized Zedlan™ foam helps discharge static to protect electronic components from damage

USES

- Light to Medium Duty, Dry Areas
- Computer Work Stations
- Finishing/Assembly Stations
- Cashier's Station
- Laboratories
- Electronic Stations
- Test Stations

BENEFITS

- Reduces data loss and equipment damage, while providing comfort
- Static dissipative
- Extra bounce stimulates muscles and blood flow to reduce fatigue
- Maintains flexibility even in low temperatures
- Stock mats include grounding cord
- Abrasion, slip and chemical resistant
- Resistivity is 10^9 ohms
- Easy-to-clean

PROPERTIES

- Thickness: 3/8"
- Material: Zedlan foam
- Patent # 5,965,650
- Anti-Fatigue, Anti-Static

AVAILABLE IN

- Colors: Royal Blue, Black, Steel Gray
- Sizes- Mats: 2' x 3', 3' x 4', 3' x 5', 3' x 10'
- Sizes- Rolls: 2' x 60', 3' x 60', 4' x 60', 6' x 60'
- Custom cuts available in 2', 3', 4' and 6' widths

Custom cut mats need one grounding cord per 10'. Order separately.

Comfort-King with Zedlan outperforms conventional ribbed mats nearly 3 to 1.

Abrasion Resistance:

2,000 cycles on a Tabor Abrader leave scarcely a mark on Comfort-King with Zedlan. The identical test causes severe damage to conventional vinyl sponge pebble and ribbed surface mats. ASTM D4060.
